PRODUCT DESCRIPTION

Hedman EDP PLUS Check Signer and Document Signer The Hedman EDP PLUS is a fast document signer that is ideal for high volume jobs. It can handle documents from 5 to 18 wide and 2.75 to 17 long and can sign up to 325 documents per minute. Security features include dual key locks and tri color ink roll for added security. This great machine also has the capability to program all accounts with passwords. Ten different accounts for a variety of document sizes and imprint locations. A signature form will be sent upon purchase to be submitted to the manufacturer. This form will be used to create a customized signature plate. Two Signature Plates are needed. They are an additional 95.00 each. Easy to Use Transport keeps continuous forms securely aligned. Automatic alignment assures accurate imprint location. Imprint plate loading is easy with Hedman s executive latch load holder. Back lite LCD provides clear easy to read operator prompts. Ten programmable accounts provide flexibility for document sizes or imprint locations. Up to twenty operators can access unit under password option. Easily adapts to a variety of papers ranging in length, width and number of copies. A variety of imprint designs can be used, from signatures to seals with an assortment of backgrounds and text for any application. Security Features Dual key lock controls provide maximum security for imprinting function. Executive key lock control assures password security and integrity of programming set ups. Optional programmable passwords allow selective user access by account. Resettable and non resettable counters for up to ten accounts, each assures audit control by account. All metal construction with tamper proof screws provides total security. Key lock control prevents unauthorized access to imprint plates. Standard tri color ink roll adds security to each
