PRODUCT DESCRIPTION

Martin Yale 912 High Security Cut Sheet Document Signer This Item has been DISCONTINUED But The Entire Current Martin Yale Line CAN be found on this Site. The Martin Yale 912 check signer is a high security document signer for checks, letters, and other cut sheet documents. Can handle documents from 2 3 4 to 14 wide and long. Signs up to 140 cut sheet forms per minute. Machine features a code authorization system for security. This versatile machine can also store five programmed signature placements for different types of documents. Signature plates are required for operation of this machine and must be ordered separately. A signature form will be sent upon purchase to be submitted to the manufacturer. This form will be used to create a customized signature plate.
